**Proofs** are sent at no charge. No production is to begin until your proof is approved.

## Dye Sublimation Printing Process

All table covers except for the "economy" are printed through a method called dye sublimation. Ink is married into the fabric which makes for a long-lasting and durable product which can be machine washed. All economy tablecloths are printed using heat applied vinyl or heat transfers, they are like plastic ironed on stickers.

## CUSTOM SIZES & LIQUID REPELLENT

### **Purchase from Logoclothz & you will be helping people, the environment & the Planet**

Logoclothz as a company has a strong & dedicated philanthropic outlook. We take corporate responsibility very seriously and feel that we all need to step up to the plate for future generations and also do things that can make an impact today. So how do we achieve this?

"Logoclothz is the company that will print your logo onto a tablecloth and then plants trees. We are a company that fights against hunger, cares, and gives back to our men and women of the military. Logoclothz proudly cares for our staff and feel they are an integral part of our vision, they are our greatest asset and are regarded as individuals. We at Logoclothz are passionate about helping to make a difference and are dedicated to giving a portion of our time, money and assistance to our local, state, and worldwide concerns."

When you place an order with Logoclothz, no matter the size, you will be presented with an option asking which one of the charities we are supporting you would like a portion of your sales to go to. There is no need for you to put your hand in your pocket as we will donate from the sale that you generated. Logoclothz.com is committed to making the world a more beautiful, sustainable and healthier place through selling our products.
